

Tim Chasemeth, owner of adjacent property on the east, stated that original, easterly line of westerly side of pine, and that one time there was nail in tree, which inclines to east, approximately on line of retrace. Also that line may be along center between two lines of trees, and retrace is in center line between two rows of apple trees. He also states that at one time on I.R. Man. existed at the southwest corner of (where) the property, on south side of road approximately where located this corner at deed distance from fence corner. Traverse of deed description does not close by 44 feet in Northings and 133 feet in Eastings, a closing error of 1 in 240. In red is shown line of original notes - and closing error.
